

# Quick & Beautiful Web Pages

Jim Evans

APCUG Director

February 2014

# You Gotta Have a Web Page!

- But You Don't . . . Why?
  - The old webmaster is gone
  - HTML? Yeech!
  - FTP? Yeech!
  - It's too complicated
  - I don't have time
  - I don't have design skills
  - It costs money

# You Gotta Have a Web Page!

- So, what can you do?
- There are some websites that offer free accounts, but are limited in features
- Some times, all you need is a simple one page site

# OK, What Else?

- Remember the paper flyer that you would
  - Post at the market, library, etc
  - Staple to telephone poles
  - Hand out to everyone
- How do you do that as a web page?
  - Can it be free
  - Can it have graphics and text
  - Can it look nice

How's this?
