Presentation in honor of Software Freedom Day for APCUG's Fall VTC

November 4, 2017

#### Presented by:

### John "Free-John" Kennedy East-Central Ohio Technology Users Club Newark, Ohio

#### **Development History**

- 1985 StarWriter, owned by Star Division
- 1999 StarOffice, owned by Sun Microsystems
  - free for home, \$10 media fee and unlimited installation for institutions
- 2000 became an "open source" project and renamed OpenOffice, still owned by Sun Microsystems

#### **Development History**

- 2010 Oracle Corporation bought Sun Microsystems
  - concerns developed
- 2010 creation of "fork project" called
   LibreOffice, part of the Document Foundation
- 2011 Oracle gave up the rights to OpenOffice, becomes project of the Apache Foundation

#### **Development History**

- 2015 Apache OpenOffice starting to fade
- 2015 LibreOffice the top open source office suite with over 120 million downloads (Windows/MacOS) and another 55 million through Linux downloads

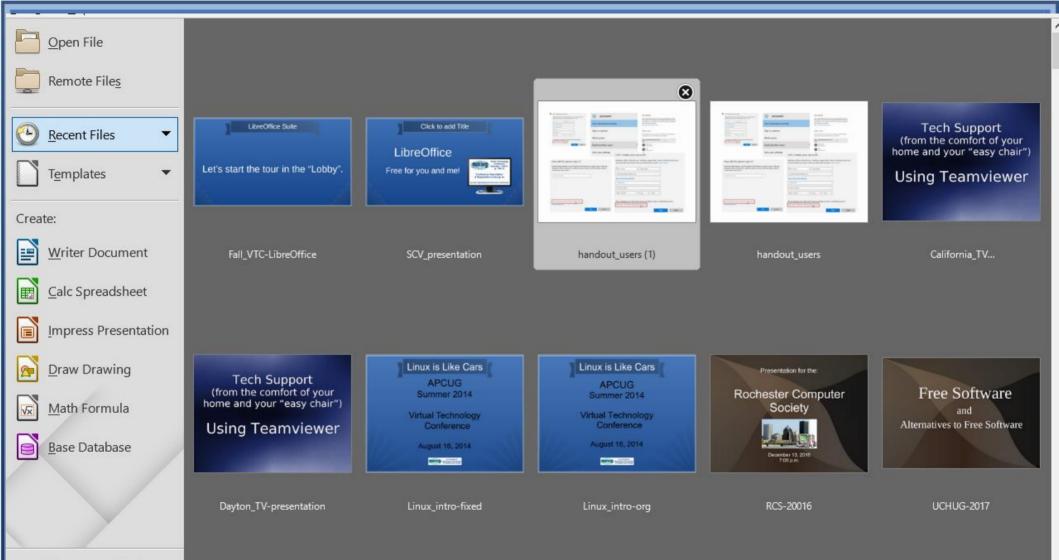

### **FRESH** • X.even.x (5.4.2) If you're a technology enthusiast, early adopter or power user, this version is for you!

### **STILL** • X.odd.x (5.3.7)

 If you deploy LibreOffice in an enterprise or corporate environment or are a conservative user, this version is for you.

 Word processor = Writer (Word) Spreadsheet = Calc (Excel) • Presentation = Impress (PowerPoint) • Graphics = Draw (Paint?) Database = Base (Access) • Formula editor = Math (??)

### Let's start the tour in the "Lobby".
