TECH NIGHT OCTOBER 9, 2017, 7 P.M.

## The Latest Technology

Freddy Peralta, owner of Ky Trade, is back this month to surprise us with the latest and coolest technology. He will be talking about the newest components and software. He will be accompanied by his technology experts. He will share his latest "Freddy's Tips" and outline steps that we can take in the event our computer is attacked by a virus, or if it crashes.

## Digitally connecting your health care

**Y**OUR HEALTH CARE PROVIDERS are using digital technology increasingly to coordinate and integrate your health care, and you, too, can use your computer and smartphones to keep informed and in contact with your care providers.

Lori Selleck, M.D., and Janet Franklin MPH, Director of Health Promotion at Kaiser Permanente, San Rafael, will help us better understand how we and care providers now use digital technology to keep us healthier and treat health

## The Prez Sez

by Toni Logan, President, P\*PCompAS

It is hard to believe that it is October already. Time to think about renewing your membership for the next year. Also be prepared for elections in December.

## Next P\*PCompAS meeting: Saturday, 7 October 2017

We may hear about 360-degree cameras.

guests. Our president tried to quell the restlessness among members due to the lack of doughnuts.

immediately turning it off.

- Our insurance policy covers a new light bulb.
- The manual says after 2000 hours, we should buy a new bulb. That should be in around 33 years.
- Cary Quinn will ecologically dispose of our old printer.
- The bag has an air-in and air-out slotted side. Put

## OFFICER REPORTS

Program Chair Cary Quinn was late, so there was no report.

The Treasurer's Report was given by Toni Logan. We have \$5457.17 in savings, and \$450

### What are Cookies?

by Melanie Birnbaum, Century Village Computer Club, Florida

<http://www.cvcomputerclub.com>

First, and contrary to popular belief, cookies are NOT programs. They don't do anything at all. They are simple 'text files' which you can read using the Notebook program

account of that fact. For instance, it can be helpful to vary content according to whether this is your first ever visit to a site – or your 71st.
