

Hello Judy,

Thanks for the opportunity to do my presentation as part of VTC.

I'd appreciate making this information available to anyone who may ask for further information on today's presentation.

Please find Instructions to successfully install Avast and other helpful links and tips at <https://goo.gl/5v4sIQ>

(<https://docs.google.com/document/d/1YvAsiLdJdgiPpgQ1hWg4O6tdsLp8ZFu6uu33mO7rXP4/edit?usp=sharing>)

Don't forget to scroll down to see all (3 pages) of the information.

If you found this presentation helpful, please let your friends in other clubs know that it's available totally free of charge and without any strings attached.

If you're truly ambitious, letting Dawn at Avast know what you thought of the presentation would also be nice. (If you didn't like it, it's still OK to let her know that too.)

You can contact her at leonetti@avast.com. Please put Bob's Security Seminar in the Subject line.

(Attach a CC to me: bob3160@gmail.com Thanks)

I would appreciate knowing where these instructions will be made available.

You'll find an entry about this presentation on

my Blog: <http://bob3160.blogspot.com/2018/11/11-3-2018-apcug-virtual-technology.html>

Here is the information on setting up a Credit Freeze for those that may be looking for this information:

<https://youtu.be/1z7TY8I9oW0>.

For 2019, the planned presentation is "Protecting Your Digital Life" and the following link will give you more details about that

presentation, <https://goo.gl/wymFNy>

Thanks

Bob
